James L. Merrell Ordained Sunday

The Rev. James E. Boyd, pastor of the Pahokee First Baptist Church, delivered the ordination sermon at the special service ordaining James L. Merrell a Baptist minister, which was held at the Pahokee Church Sunday afternoon with ministers of the Palm-Lake Baptist Association and other neighboring associations attending.

The Rev. Charles D. Stewart, pastor of the Canal Point Baptist Church, gave the Charge to the Church; the Rev. Ed Straner, pastor of the North Belle Glade Baptist Mission, the Charge to the Candidate; the Rev. L. T. Fagan, pastor of the First Baptist Church of Clewiston, the ordination prayer, and the Rev. U. W. Malcolm, pastor of the First Baptist Church of Belle Glade, examined the candidate. Wiley Tillis, chairman of the Board of Deacons of the Pahokee Church, presented a Bible to Mr. Merrell on behalf of the church which had Mr. Merrell as interim lay minister for 50 weeks prior to the arrival of the Rev. Boyd, the pastor.

Others serving on the ordaining council or presbytery were the Rev. C. W. Hood of Pahokee, the Rev. L. G. Woolridge of South Bay and deacons of the churches represented by the attending ministers. The Rev. Boyd served as moderator of the presbytery and the Rev. Hood, clerk.

Attending the ordination service were several members of the Loxahatchee Baptist Church, of which the Rev. Merrell is now serving.

Post Master Quits Canal Point Job

Oseola Uphogrove has handed in his resignation as postmaster of the Canal Point Postoffice after serving continuously in this position for 23 years. He has asked the Postoffice Department for the resignation to be effective as soon as possible.

In announcing his resignation, Mr. Uphogrove, who is a trained accountant and has had considerable experience in personnel work and business management, said he has tentative plans to follow this kind of work either in the Glades or the West Palm Beach area, believing there are more opportunities for advancement in the business world than in the Postoffice Department.

An active leader in civic affairs in this community, he is a past president of the Canal Point Lions Club and a member of the Uphogrove Quartet, well-known gospel singing group.

Mrs. Ollie Batchelor and daughter, Arlene, Mr. and Mrs. H. J. Batchelor and Mr. and Mrs. C. A. Batchelor have returned from Albany, Ga., where they were called last weekend by the death of their brother-in-law, Blackshire DuBois, who died at an Albany hospital on April 3 after a brief illness.

Charles Stewart, of Statesboro, Georgia was the weekend guest of his parents, Rev. and Mrs. C. D. Stewart in Canal Point.

Local Scouts To Clear Camp Site

Canal Point Boy Scout Troop 628 is making plans to set up a Boy Scout camp site in the pine grove on the shore of Lake Okechobee at the Canal Point waterfront. The purpose of the camp site will be to give the Canal Point Scouts an opportunity to camp out when transportation is not available to carry troop members to out-of-town camp sites. Principal work in the preparation of the camp will be the clearing away of underbrush and fixing a beach for water sports. Troop 628 after several years of inactivity is still in the process of being re-organized. An average of 20 boys are attending the regular weekly meetings. The troop has a sponsoring organization but the forming of a seven-man troop committee has yet to be completed and this committee must be complete and active before application can be made for a troop charter from the Gulf Stream Council, BSA, according to Scoutmaster Phelix A. Slonaker.

Cancer Funds Are Sought By Drive

M. F. George Will Be 87 On April 29th

Seven years after the close of the War Between the States a Canal Point resident first saw the light of day and since that time he has been an unusually active and patriotic American. On April 29, 1872, M. F. George was born and came two weeks from next Tuesday, Mr. George, as he is affectionately and widely known in South Florida, will celebrate his 87th birthday anniversary.

Through the many, many years that Mr. and Mrs. George have lived in Canal Point he has been actively engaged in the building contracting business and only recently, due to cataracts on his eyes, has he slowed his pace. Many homes and business houses in the Pahokee and Canal Point area have been erected by him. Just a few short months ago he completed the handsome new home on US 441 just north of the post office in Canal Point for the mother of Dr. W. C. Young.

The Georges lived in the county seat of Glades county—Moore Haven—before moving to Canal Point to make their home. They are active members of the Canal Point Baptist church and are loved and admired by all who know them in the Glades.

Mrs. Grady Echols, Terry Hurt In Fall

In an unusual accident Sunday night Mrs. Grady Echols and five year old daughter, Terry, of Canal Point escaped serious injuries but suffered severe hurts when they fell on the steps of the Canal Point Methodist Church. Misjudging the distance of the first landing from the church entrance Mrs. Echols, with Terry in her arms, fell the full distance from the landing onto the sidewalk.

Terry was suddenly awakened when she landed on her head. Mrs. Echols in trying to break the fall of the youngster in her arms did not protect herself and suffered severe hurts and shock. Terry suffered a strained leg and it had to be put in a cast. She is recuperating nicely and will be okeh in a few more days. Mrs. Echols is able to be back on the job at the Echols Grocery Store.

The Echols family had joined many other members of the Canal Point Baptist church to attend the revival Sunday night at the Methodist church. Mrs. Echols and Terry were leaving the church just ahead of the crowd when the accident happened.

Member Drive By Pahokee Chamber

The annual membership drive of the Pahokee Chamber of Commerce was discussed by the board of directors at the April meeting held in the Civic Building Monday night with President Helen Hillier presiding. The drive, which started last week with the mailing of notices of membership dues, will continue all this month and end with a "clean-up campaign" in which personal contacts will be made for the collection of dues. Mrs. Hillier and F. M. Shaughnessy are in charge of the drive.

The resignations of Paul Dinnis as secretary, W. K. Aldridge as vice president and Roy Vandegrift, Jr., as a director were accepted with regrets by the board. Mr. Dinnis is moving from Pahokee to Brandon. Mr. Aldridge and Mr. Vandegrift have business commitments that do not give them the necessary time to serve actively on the board. Mrs. Hillier named H. M. McIntosh Carl Mindlin and Wiley Tillis on a special committee to recommend replacements for these vacant offices.

Congressman Paul G. Rogers, in a letter to the Chamber, reported that he has been informed by the Regional Director of the Postoffice Department that an investigation will be made as soon as possible to determine whether the City of Pahokee meets the requirements that would make it eligible for house-to-house mail delivery. Rep. Rogers said he would inform the Chamber the findings of this investigation. (continued on page 8)

\$6.80 Per Hamper Black Valentines

Top bean price in the Glades area on the Spring deal so far went to Mrs. Jack Pope of Canal Point Tuesday when she sold an offering of about 300 hampers of Black Valentines for \$6.80 per 30 pound hamper.

The scarcity of beans in the Glades Tuesday brought about the premium price. Pompano, a prime competitor of the Glades on beans, had only seven cars out on Monday—thus boosting the price here on Tuesday.

Corn was selling for an average of \$2.25 on Tuesday with some lots going at lower prices, depending on the quality. Celery is still in the doghouse and growers are floundering in a heavy crop with the price at \$1.00 and \$1.25 per crate.

Unwin, 538 Bacon Point Road, was the scene of a party and baby shower in compliment to Mrs. Sam McKinstry, Jr. Hostesses, together with Mrs. Unwin, were Mrs. Frock Baxter, Mrs. Joe Alderman, Mrs. Thadd Whidden and Mrs. Edgar Wilder who served refreshments to approximately 30 guests.

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

Safety Is Keynote In 4-H Tractor Project

Safety is in the driver's seat as the 4-H Tractor program rides into its 15th year of activity, according to American Oil Company, sponsor of 4-H awards. The program is conducted by the Extension Service, University of Florida.

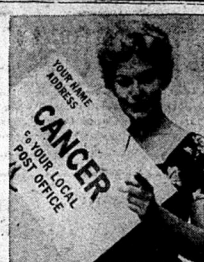

More than 700 Florida 4-Hers are enrolled in the program. Together with their local leaders and county Extension agents they are striving to reduce fatal tractor accidents which last year across the nation numbered 1,200. Another 48,000 accidents resulting from improper use of tractors were reported.

Besides safe operation, club members learn efficient operation and maintenance under the guidance of Extension training. As a matter of fact, success in the project means money in the bank to 4-H boys (and girls, too) who follow the advice of tractor experts.

Properly maintained tractors cost "an average of \$100 to \$300 less per operating year," a recent university survey points out. So the tractor project also becomes a family affair because it affects the family pocketbook. In the course of their work club members pass along to neighbors the up-to-date practices learned about using farm machinery.

Practically enthused over this 4-H project is last year's state champion, John Scussell 18, of Land O'Lakes, whose reward was a trip to the National 4-H Club Congress in Chicago. His investment of time in the project has paid dividends on the 588-acre farm, he says, and tractor clinics and contests have sharpened his skills. This eight-year 4-H'er has served as president of the St. Leo College Prep 4-H Club.

The 1959 state 4-H tractor champion will be announced early next fall by the Extension Service, and the winner will be eligible for one of the 12 national \$400 college scholarships offered by American Oil Company.

Christian Science Group Of Canal Point

God's goodness and all-power will be brought out at Christian Science services Sunday.
"Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon.
Scriptural readings will include these verses from Psalms (103:2, 3): "Bless the Lord, O my soul, and forget not all his benefits: Who forgiveth all thine iniquities; who healeth all thy diseases."
Also "emphasizing the harmonious nature of God's creation are selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including (472:25-30): "That which He creates is good, and He makes all that is made. Therefore the only reality of sin, sickness, or death is the awful fact that unrealities seem real to human, erring belief, until God strips off their disguise. They are not true, because they are not of God."

Bill To Preserve Old St. Augustine

"ST. AUGUSTINE—A bill, calling for the preservation of historical buildings in St. Augustine's old Spanish section, may be introduced by Sen. Verle Pope in the coming session of the Legislature.

Pope said he had seen many of the old Spanish buildings torn down to make way for business establishments. "The time to act is now", he stated, "if we are to preserve that which we already have."

The bill is patterned after a New Orleans act passed several years ago to protect that city's French Quarter.

Under the bill's provision a five-member committee would be named by the city commission. Two members would be picked from a list submitted by the St. Augustine Historical Society; two from a list recommended by the chamber of commerce, and one appointed at large.

Owners of property within the old section would be required to obtain a permit before any new buildings could be constructed or old ones altered. Preservation of the structures against decay, deterioration or structural defects would also be required.

If you want your interest as current income, ask your bank about Series H Bonds, which pay interest monthly by Treasury check.

New Bill To Slash Intangible Tax

A proposed law of state-wide interest was proposed in a bill introduced in the State Legislature Wednesday by Representative Emmett Roberts of Belle Glade and Representative Ralph Blank of West Palm Beach. The bill, if enacted into law, would cut the intangible tax from 1-10 of a mill to 1-20 of a mill.

In the House and in the Senate the proposed bills were sent to the committees on Finance and Taxation. Here they will be considered before going to the floor of each body for a vote by the full body.

Intangible taxes are assessed on bank deposits, stocks and bonds.

Salute to FLORIDA COUNTIES

Glades County came into existence in 1921... one of the 5 counties born of the division of DeSoto County. County Seat, Moore Haven, elected the first woman Mayor in the South. Although beef cattle production and dairying are principal industries, truck farming, beekeeping and poultry play an important part in the economy of Glades County. This hunters' paradise includes tremendous wild turkey breeding grounds. "Chalo Nitka" (Seminole for "Bass Day") is held annually to pay homage to the great abundance of bass in Lake Okeechobee.

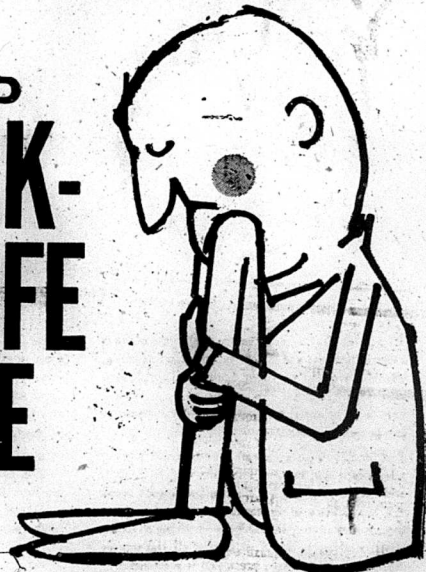

In progressive Glades County, and throughout Florida, the United States Brewers Foundation works constantly to assure the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of the people of Florida, the Foundation stresses close cooperation with the Armed Forces, law enforcement and governing officials in its continuing "self-regulation" program.

AVOID JACK- KNIFE RIDE

ANOTHER PROBLEM YOU'LL HAVE IN EVERY NEW CAR BUT MERCURY.

To get the center seat in most so-called 6-passenger cars is the unkindest cut of all. You sit like a jackknife on a hump so big there's practically no room for cushioning. But Mercury—ahhhh! Here's a real 6-passenger car. The hump is actually cut in half! The middle man sits in dignity and comfort. There's 9" more knee room and 6" wider doors. Top visibility. Clean styling. Come see it soon.
